Data Stewardship at the Czech Technical University in Prague

Koutentaki Georgia, MEng.
georgia.koutentaki@fit.cvut.cz

How it started: who is this?

Chemical Engineer in Mar. 2020, from the Greek University of Patras

Joined a voluntary **Data Stewardship** course, by **UCT & DocEnhance** platform in Mar.2022

Began to help on the Data Stewardship team of UCT in Sep. 2023

Started a PhD in Chemical Engineering at the University of Chemistry and Technology in Prague in Sep. 2020

Represented UCT for the final DocEnhance conference in Dec. 2022

Started as a **Data Steward for technical fields** in the **Czech Technical University** in Prague in Jul. 2024

How is it going: Landscaping CTU

What do we have?

Tools:

Data Stewardship **wizard**

Internal support:

Experienced **Data Steward**

External support:

Data Stewards CZ **community**

What do we need?

Good data management
practices

Departmental data stewards

Constantly **updated information** on
what are the advances in data
stewardship in EU

Funding for correct
data stewardship and open
science

Trainings & Consultations

Where are we going?

- ✓ Good data management practices
- ✓ Data stored for long term usage in appropriate formats
- ✓ Data readable by both humans and machines
- ✓ Increased consistency & transparency between research
- ✓ Sharable content which allows improvement on already created data
- ✓ Ability to properly give and take credit on works
